TRACY DODS

Born in 1970 in Cairns. North Queensland. Painting and exhibiting from a young age...I have studied under many masters.

Much of my work depicts the lushness of the human form alongside the exciting colours of Australia's beaches. The style fluid and distinctive...but what's it all about? It's about the affinity we feel for the sea, the question of why are we drawn to the beach for both frivolity and fun and in times of introspection, the indifference with which we treat the oceans and each other.....
